Care Management

Care management is an important service that includes coordinating care and services that will help you deliver on the goals you identified in your Care Plan. Every Home Care Package will require some level of care management.

Approach to care management		Your Care Partner will work with you to create an individual support plan suited to your needs and wishes. This includes the service days and times of your choice. For fully managed packages we do not limit the hours provided to manage your care to a set amount of hours per fortnight and believe this should be provided as you require them.
